*Had you heard a nasty rumor that there would not be a Shelly Siegel Show this year?  
Not True!!!*

**Be sure these shows are on your 2015 calendar!!!**

**Shelly Siegel Show May 29-31, 2015**

**Sonoma CDS Chapter Show August 16, 2015**

*Both are three star rated CDS/USDF/USEF recognized shows!!!!*

Hi Everyone equine and human: Of course  
**it is me Lester...**

\* Did you know that the #1 cause of trailer accidents is low tire pressure? Even tires that have been sitting idle lose air. So check your tire pressure once a quarter and don't forget the spare tire.

\* Did you know the wheel bearings need to be repacked in fresh grease every couple years? The grease and bearings not only get old, but the grease can harden over time...not a good thing.

So keep those trailer tires and wheels in tip top shape, so you can roll on down the road safely with your precious equine cargo!

Happy Trails! Luv, Lester
